DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/11/05 has been entered.

Allowable Subject Matter

2. After further search and thorough examination of the present application and in view of the Applicant's amendments filed 3/08/04, claims 1-105, 108, 109 are found to be in condition for allowance over the prior art made of record.

3. The following is an examiner's statement of reasons for allowance: Although the prior art of record teaches a coded symbol having code data inscrutable to the average unaided human, machine readable region identifier, additional human readable data, etc., the prior art of record fails to disclose or fairly suggests that both the additional data and the coded data being indicative of an interactive element. These limitations in conjunction with other limitations in the claims were not shown by, would not have been obvious over, nor would be fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
